

MERCHENDISE COMMITTEE REPORT, 2022.

Good morning,

Our committee's primary responsibility is to work with a local vendor- Viking Outfitter to create High Bar Harbor merchandise.

We are happy to report that the majority of last years inventory sold out. There are still a few performance short and long sleeve shirts and quarter zip shirts available. You're welcome to see some of the merchandise at the table near the door on your way out.

Items like the High Bar Harbor hats sold out quickly and were re-ordered for this summer. We also ordered sweatshirts which are available in sizes small to XXL. These items can be found and purchased at Viking Outfitters on 19th Street in Barnegat Light. If you haven't had a chance to check out the HBH website please do... we have a merchandise link with pictures of items available.

Finally, we do still have HBH flags available for purchase. This is a great way to show your HBH pride. Grab one at the door on your way home. We hope you have a great summer. Please feel free to stop by our table and let us know what items you would like to see us get in the future. All items at the table with the exception of the flags will be housed at Viking Outfitters.

Thank you. The merchandise committee.
