

## **Signs and Parks 2022 Committee Report**

Hello my name is Annie Jordan and I am the Chair of Signs and Parks. I work with a great team Lana, Lara and Jay.

Since October the Township has restrung our two flagpoles, removed a dead tree from Triangle Park and they also built us beautiful Arbors at Triangle Park.

Our team, well Lana and Lara, purchased and planted beautiful plantings for our welcome sign. The bed at our welcome sign was redone with rocks and mulch, and is decorated during different holidays.

The Children's Park has reopened with new playground equipment and mulch.

Our shell is being repainted by our own neighbor Susan Hennelly who was the original artist, very exciting.

We are also working on putting a free library near Triangle Park.

Lastly, we are thinking about starting a Garden Club to help beautify our community. If you are interested please let me know. Thank you.
